1. Message from the Director

Dear friends, partners, and community members,

2024 has been a year of extraordinary growth, resilience, and transformation for the Tshwane Leadership Foundation. As we reflect on the journey of the past twelve months, we are filled with deep gratitude for the communities that placed their trust in us, the donors who backed our vision, and the dedicated staff and volunteers who gave their best every single day.

Our programmes have reached more individuals than ever before — from young learners receiving after-school tutoring in Mamelodi and Atteridgeville, to emerging entrepreneurs gaining business skills in Soshanguve and Ga-Rankuwa. We have expanded our safe-housing support network, strengthened our vocational training partnerships, and deepened community engagement through our street-outreach teams.

This report is our commitment to transparency. Every rand invested in this foundation is invested in a person — and this document tells those stories.

— Executive Director, Tshwane Leadership Foundation
