COMMUNITY IMPACT

REPORT

Tshwane Leadership Foundation

Measuring lives changed across communities in Tshwane

Tshwane Leadership Foundation | info@tlfoundation.org

Introduction

This Community Impact Report provides a comprehensive picture of how the Tshwane Leadership Foundation's programmes have created measurable, lasting change in the lives of individuals and households across the greater Tshwane area. Using data collected through programme monitoring, beneficiary surveys, and independent evaluations, this report demonstrates both the breadth and depth of TLF's community presence.

Key Impact Metrics — Overview

Indicator	2022	2023	2024	Change
Total beneficiaries	2 980	3 740	4 820	**+29%**
Youth in education support	740	1 010	1 240	**+23%**
Vocational graduates	310	460	580	**+26%**
Shelter placements facilitated	190	235	280	**+19%**
Health campaign reach	1 100	1 600	2 000	**+25%**
Volunteer hours logged	8 200	11 400	15 600	**+37%**

Youth & Education Impact

Education is the foundation of a life free from poverty. TLF's after-school support programme operates from six community centres, each staffed by trained tutors, mentors, and social workers. In 2024:

- 1 240 learners from Grade 4 to Grade 12 received academic support
- Grade 12 pass rate among participants: **87%** (national average: 82.9%)
- 94 learners received bursary guidance and were successfully referred to tertiary institutions
- 12 Saturday reading clubs served an additional 380 primary school children

"My daughter went from failing to getting a distinction in Maths. I never thought that was possible." — Parent, Mamelodi

Vocational Training & Economic Empowerment

Skills training directly addresses unemployment — one of the root causes of poverty in Tshwane. In 2024, TLF's training centre offered six certified short courses:

Course	Enrolments	Completions	Employment Rate
Plumbing (SAQA-aligned)	98	81	71%
Electrical Installations	87	74	68%
Sewing & Textile Design	120	110	55%
Digital Literacy & MS Office	145	132	60%
Small Business Management	90	84	76%
Hospitality & Catering	76	66	62%
TOTAL	**616**	**547**	**65% avg**

Homelessness & Safe Housing

Street homelessness remains one of the most visible social challenges in Tshwane's city centre and surrounding townships. TLF's dedicated outreach teams work seven days a week to connect individuals with immediate safety and long-term support pathways.

3 200	280	94	48
Outreach Contacts	Shelter Placements	Family Re-integrations	Trauma Counselling Cases

Of those placed in shelters, 68% completed a structured re-integration programme resulting in stable accommodation within 12 months. TLF collaborates with 8 shelter partners across Tshwane to ensure referrals are matched to individual needs.

Health & Wellness Campaigns

Good health is inseparable from community well-being. In partnership with the City of Tshwane and local clinics, TLF ran eight health awareness campaigns in 2024:

February: HIV & TB Awareness Day, Mamelodi — *340 screened*

April: Hygiene Kits Distribution, Atteridgeville — *420 kits distributed*

June: Mental Health Awareness Walk, Soshanguve — *260 participants*

August: Women's Health Clinic Day, Ga-Rankuwa — *190 consultations*

October: Youth Substance Abuse Forum, Eersterust — *310 youth attended*

November: Nutrition & Early Childhood Health, Hammanskraal — *280 families*

Conclusion

The numbers in this report represent real people — children who now believe in their futures, adults who have found dignity through work, families restored, and lives redirected from crisis toward hope. The Tshwane Leadership Foundation remains committed to deepening this impact and to reporting openly and honestly on every milestone.
